**Essex County Conservation District  
Annual Educational Field Day Event.**

Please consider this letter as invitation to join us!

**Every Third Thursday of May from 9-1:30**

We traditionally have our annual field day at the Fay Family Farm in Maidstone VT. We provide offerings that everyone loves. Including Agricultural literacy, Conservation & Agricultural Soils, Forestry, Erosion, Wildlife Habitat, Watershed functions, and Water Quality. **Our hope is that our program will help to highlight the importance of watershed health, as well as identify what happens in and around the river while providing an opportunity to demonstrate the important natural resource and conservation careers.**

We would love to have you and your 4th-6th grade students join us either again, or for the first time, for what will certainly prove to be a memorable learning experience for the kids, teachers and chaperones alike.

We do hope you will be able to join us for a great day of hands-on learning and fun! In the meantime, should you have any questions, please feel welcome to contact me at the office, either by phone or email. I look forward to hearing from you and seeing you at the ECNRCD Conservation Field Day Event.

Best,

Sarah Damsell  
Essex County NRCD; District Manager
